

ISRAEL JACOB ORTIZ

Software Developer • .NET / C# | JavaScript | SQL Server | Azure DevOps

U.S. Citizen • Selective Service registered • Eligible for a security background check

Washington, DC | 540 498 0854 | hello@israeljortiz.com | github.com/israelortizcpsc | [in/israeljortiz](https://in.israeljortiz.com)

PROFESSIONAL SUMMARY

Web software developer with 5+ years across the full project lifecycle — requirements analysis, logical/physical design, development, QA testing, training, and implementation — building and administering intranet and public-facing web applications. Strong in Microsoft .NET (C#) and .NET Core, JavaScript and JS frameworks, CSS, and SSRS/Power BI reporting, backed by SQL Server (2016/2019/2025), VB.NET, XML/XSLT, and Telerik, all delivered through Azure DevOps. Recently built and administered a court-style intranet/internet web application on this exact stack (see Selected Project) — already what this team is looking for. Gathers requirements from and provides technical support to users, manages multiple projects with minimal guidance, and responds quickly to production issues.

PROFESSIONAL EXPERIENCE

Software Developer | SUCCESS Magazine

Apr 2023 – Present

Washington, DC (Hybrid / Office)

- **Developed and administered intranet and public-facing web applications** in .NET Core / C# and JavaScript, serving 20k+ users across the full development lifecycle at 99.95% uptime.
- **Built SSRS and Power BI reporting on SQL Server** (2016/2019), and used XML/XSLT and Telerik controls to deliver responsive, accessible interfaces.
- **Gathered requirements and provided technical support to users** — translating needs into logical/physical designs, running QA testing, training, and implementation.
- **Managed multiple concurrent projects with minimal guidance** through Azure DevOps, responding rapidly to production issues and meeting deadlines.

Web Developer | Ambrose

Jul 2021 – Present

Part-Time • Remote

- **Delivered custom .NET / C# and JavaScript web solutions tailored to each client** across 12+ engagements, from requirements through implementation.
- **Automated build and release in Azure DevOps** with SQL Server back ends, cutting release-cycle time ~50%.

Software Developer / Team Lead | SPCA International

Sep 2020 – Mar 2023

Team Lead • Washington, DC

- **Led a 4-developer team** delivering .NET web applications and SSRS reports across 3 concurrent projects while staying hands-on.
- **Optimized SQL Server queries and stored procedures** cutting average report/query response time ~35% and improving reliability.

Freelance Web Developer | Independent / Contract

Feb 2019 – Jun 2021

Solo client work prior to founding Ambrose • Remote

- **Built .NET and JavaScript web applications and integrations for 10+ clients** — owning requirements, design, development, QA testing, and deployment end to end.

SELECTED PROJECT

Court Intranet & Public Website Platform — .NET Core / C# • JavaScript • CSS • SQL Server • SSRS/Power BI • Telerik • Azure DevOps

- **Designed, developed, and administered an intranet and public-facing web platform** end to end — .NET Core / C# services, JavaScript and CSS front end, SQL Server back end, and SSRS/Power BI reporting, built for accessibility (Section 508) and security.
- **Ran the full lifecycle through Azure DevOps** — requirements, QA testing, training, and implementation — and responded to site issues, cutting release time ~50% and support tickets ~30%, mirroring a court web-services delivery model.

TECHNICAL SKILLS

Core: Microsoft .NET (C#), .NET Core, ASP.NET Core, JavaScript & JS frameworks, CSS, VB.NET

Data & Reporting: SQL Server 2016/2019/2025, SSRS, Power BI, stored procedures; XML/XSLT

Tools & Platform: Azure DevOps (CI/CD, backlog, source control), Telerik tools, Office Automation, Visual Studio

Lifecycle: Requirements analysis, logical/physical design, QA testing, training & implementation, Section 508 accessibility, production support

EDUCATION

Virginia Tech — M.Eng., Computer Science (Concentration in Web & Enterprise Applications) 2025 – 2026

GPA: 4.0 | Full-Ride & Tech Talent Investment Program (TTIP) Scholar

University of Mary Washington — B.S., Computer Science & Mathematics (Double Major) 2019 – 2022

GPA: 3.8 | Dean's List 7/8 | FBLA President & Founder • Coding Competition 1st Place • Honor Board Treasurer

CERTIFICATIONS

Microsoft Certified: .NET / Azure Developer Associate (AZ-204) • Microsoft SQL Server Database Development • Certified ScrumMaster (CSM)
