

ISRAEL JACOB ORTIZ

Frontend Engineer • React • Next.js • TypeScript • Accessibility • Performance • Design Systems

Washington, DC | 540 498 0854 | hello@israeljortiz.com

github.com/israelortizcpsc | [in/israeljortiz](https://in.israeljortiz)

PROFESSIONAL SUMMARY

Frontend engineer with 5+ years of professional experience building fast, accessible, delightful user interfaces in **React**, **Next.js**, and **TypeScript**. Strong on state management, performance optimization, accessibility (WCAG 2.1), design systems, and component testing — partnering closely with design and product to ship polished products.

PROFESSIONAL EXPERIENCE

Frontend Engineer | *SUCCESS Magazine*

React • Next.js • Design Systems

Apr 2023 – Present

Washington, DC (Hybrid)

- **Build responsive, accessible UIs** (WCAG 2.1) in React/Next.js + TypeScript for a platform serving millions of users, including a shared design-token system.
- **Optimize front-end performance** — code-splitting, memoization, and image optimization — improving Largest Contentful Paint by about 40%.
- **Drive UI craftsmanship** through Storybook-driven components, coaching code reviews, and a Jest/Playwright suite at 85%+ coverage.

Founder & Principal Engineer | *Ambrose*

Boutique UI Consultancy • Part-Time

Jul 2021 – Present

Remote

- **Founded and run Ambrose**, a boutique UI consultancy, leading a small team that ships React/Next.js interfaces, design systems, and data-viz for SMB and startup clients.

Frontend Engineer / Team Lead | *SPCA International*

Web UI — Team Lead

Sep 2020 – Mar 2023

Washington, DC

- **Led a four-engineer team** over two and a half years, owning React/TypeScript front-ends and shipping nine releases.
- **Rebuilt the UI** for accessibility and mobile responsiveness, cutting main-view load from over a second to roughly 300ms.

Freelance Frontend Engineer | *Independent / Contract*

Solo Client Work Prior to Founding Ambrose

Feb 2019 – Jun 2021

Remote

- **Built React/Next.js interfaces and design systems** for early clients as an independent contractor — establishing the base that led to founding Ambrose.

TECHNICAL SKILLS

Core: React, Next.js, TypeScript, JavaScript (ES2023), HTML5, CSS3/SCSS, Tailwind; Redux, Zustand, React Query

UI & Craft: Accessibility (WCAG 2.1, ARIA), responsive design, design systems & tokens, Storybook, Figma-to-code, data-viz (D3, Recharts)

Performance & Testing: Core Web Vitals, code-splitting, SSR/ISR (Next.js app-router); Jest, React Testing Library, Playwright, Cypress

Tooling: Vite, Webpack, Git/GitHub, CI/CD (GitHub Actions); Agile/Scrum, design & code review

EDUCATION

Virginia Tech — *M.Eng., Computer Science (Front-End Engineering & Human-Computer Interaction)*

2023 – 2024

GPA: 4.0 | Full-Ride & Tech Talent Investment Program (TTIP) Scholar

Relevant coursework: Front-End Engineering (React, Next.js), Human-Computer Interaction, Web Accessibility, UI Performance, Design Systems, Software Testing.

University of Mary Washington — *B.S., Computer Science & Economics (Double Major)*

2019 – 2022

GPA: 3.8 | Dean's List 7/8 Semesters

Honors & Leadership: FBLA Collegiate Chapter — President & Founder; University-Wide UI/Front-End Development Competition — 1st Place; IT Advisory Board — Treasurer.

CERTIFICATIONS

Meta Front-End Developer Professional Certificate (React) • Google UX Design Certificate • AWS Certified Cloud Practitioner • W3C Accessibility (WCAG) Certified
