PROFESSIONAL SUMMARY

Mobile engineer with 5+ years of professional experience building and shipping polished cross-platform and native apps in **React Native, Expo, Swift, and Kotlin**. Ships one codebase to iOS, Android, and web, integrates native modules and APIs, and owns the full mobile lifecycle from design to App Store and Play Store release.

PROFESSIONAL EXPERIENCE

Mobile Engineer | *SUCCESS Magazine*

React Native • Expo • Native Modules

Apr 2023 – Present

Washington, DC (Hybrid)

- **Ship cross-platform apps** — one React Native + TypeScript codebase to iOS, Android, and web via Expo/EAS — for a platform serving millions of users.
- **Build native integrations** — push notifications, camera, offline sync, and deep linking — bridging native Swift/Kotlin modules where needed.
- **Own mobile quality and release** — Detox/Jest testing, mobile CI/CD (EAS, Fastlane), and App Store / Play Store submissions with a 99.9% crash-free rate.

Founder & Principal Mobile Engineer | *Ambrose*

Boutique Mobile Consultancy • Part-Time

Jul 2021 – Present

Remote

- **Founded and run Ambrose**, a boutique mobile consultancy, leading a small team that ships React Native and native iOS/Android apps for SMB and startup clients from concept to store launch.

Mobile Engineer / Team Lead | *SPCA International*

Cross-Platform Apps — Team Lead

Sep 2020 – Mar 2023

Washington, DC

- **Led a four-engineer team** over two and a half years, shipping nine app releases across iOS and Android.
- **Rebuilt the app in React Native** from a legacy native codebase, improving performance and lifting store ratings.

Freelance Mobile Engineer | *Independent / Contract*

Solo Client Work Prior to Founding Ambrose

Feb 2019 – Jun 2021

Remote

- **Built cross-platform and native mobile apps** for early clients as an independent contractor — building the track record that led to founding Ambrose.
